HOW ARE YOU DELIVERING ON CHANGE?

Whether you were already serving your country, or are responding to the President's call, share how you are delivering on change in your community.

Whether it is an hour per month helping those struggling in the current economy, tutoring kids in your neighborhood every day, or anything else, we want to highlight what Americans are doing to strengthen our country.

LOOKING FOR A WAY TO SERVE THAT'S RIGHT FOR YOU?

Serve.gov is a new portal for you and all Americans to find your own ways to serve in your own communities. Just choose whatever interests you – and type in your zip code to see what opportunities our partner organizations have in your area. Americans are putting their own country back on the right track, be a part of it.

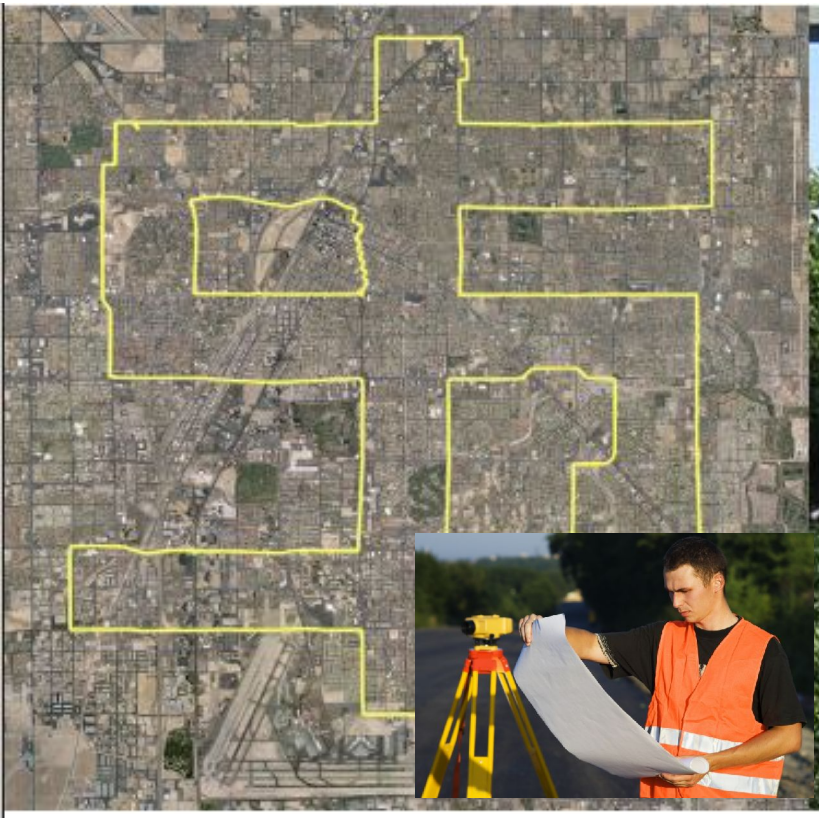
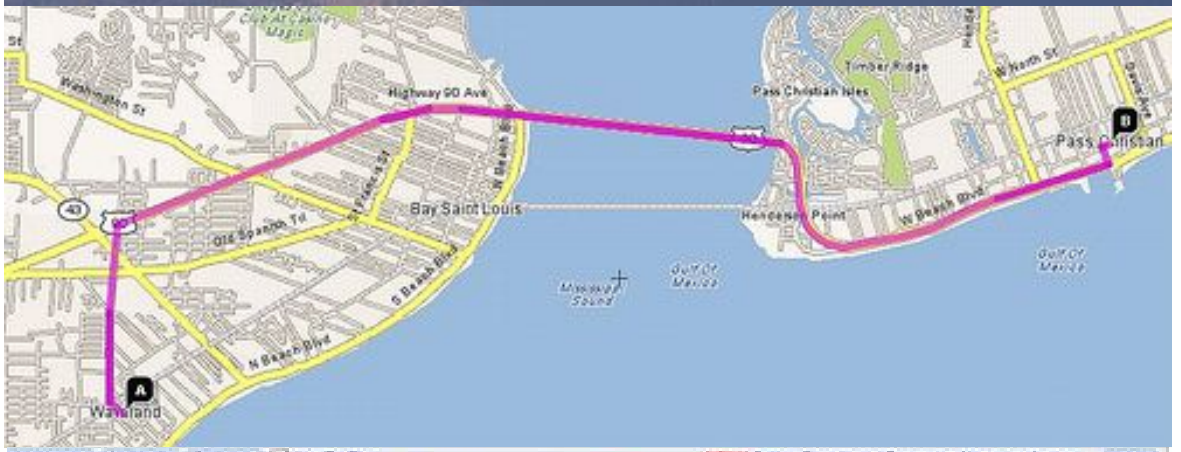
Why OpenStreetMap?

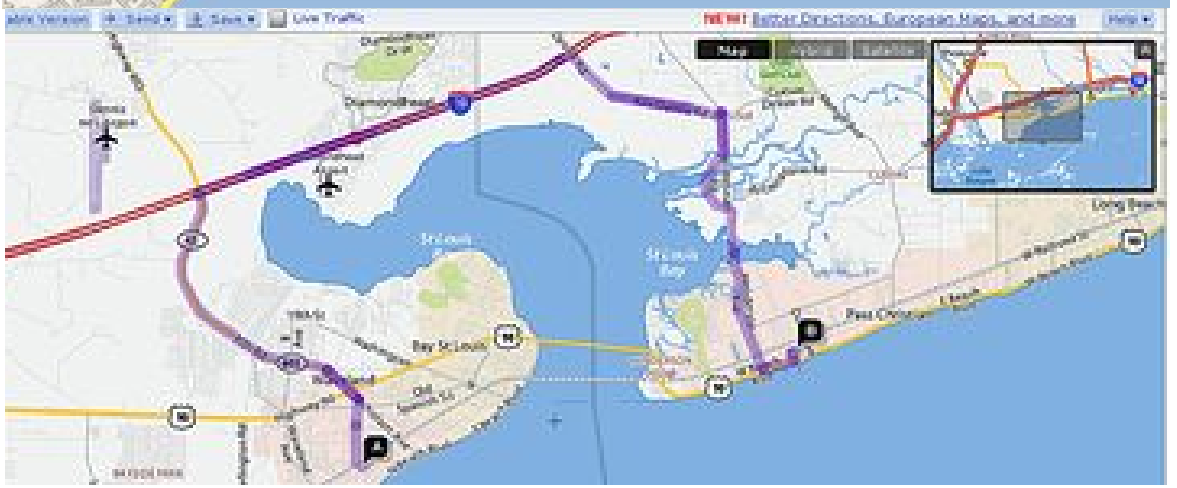
Why not use existing maps?

Expensive
Wrong
Coverage Economically Determined (locations & use)



Change happens – Katrina





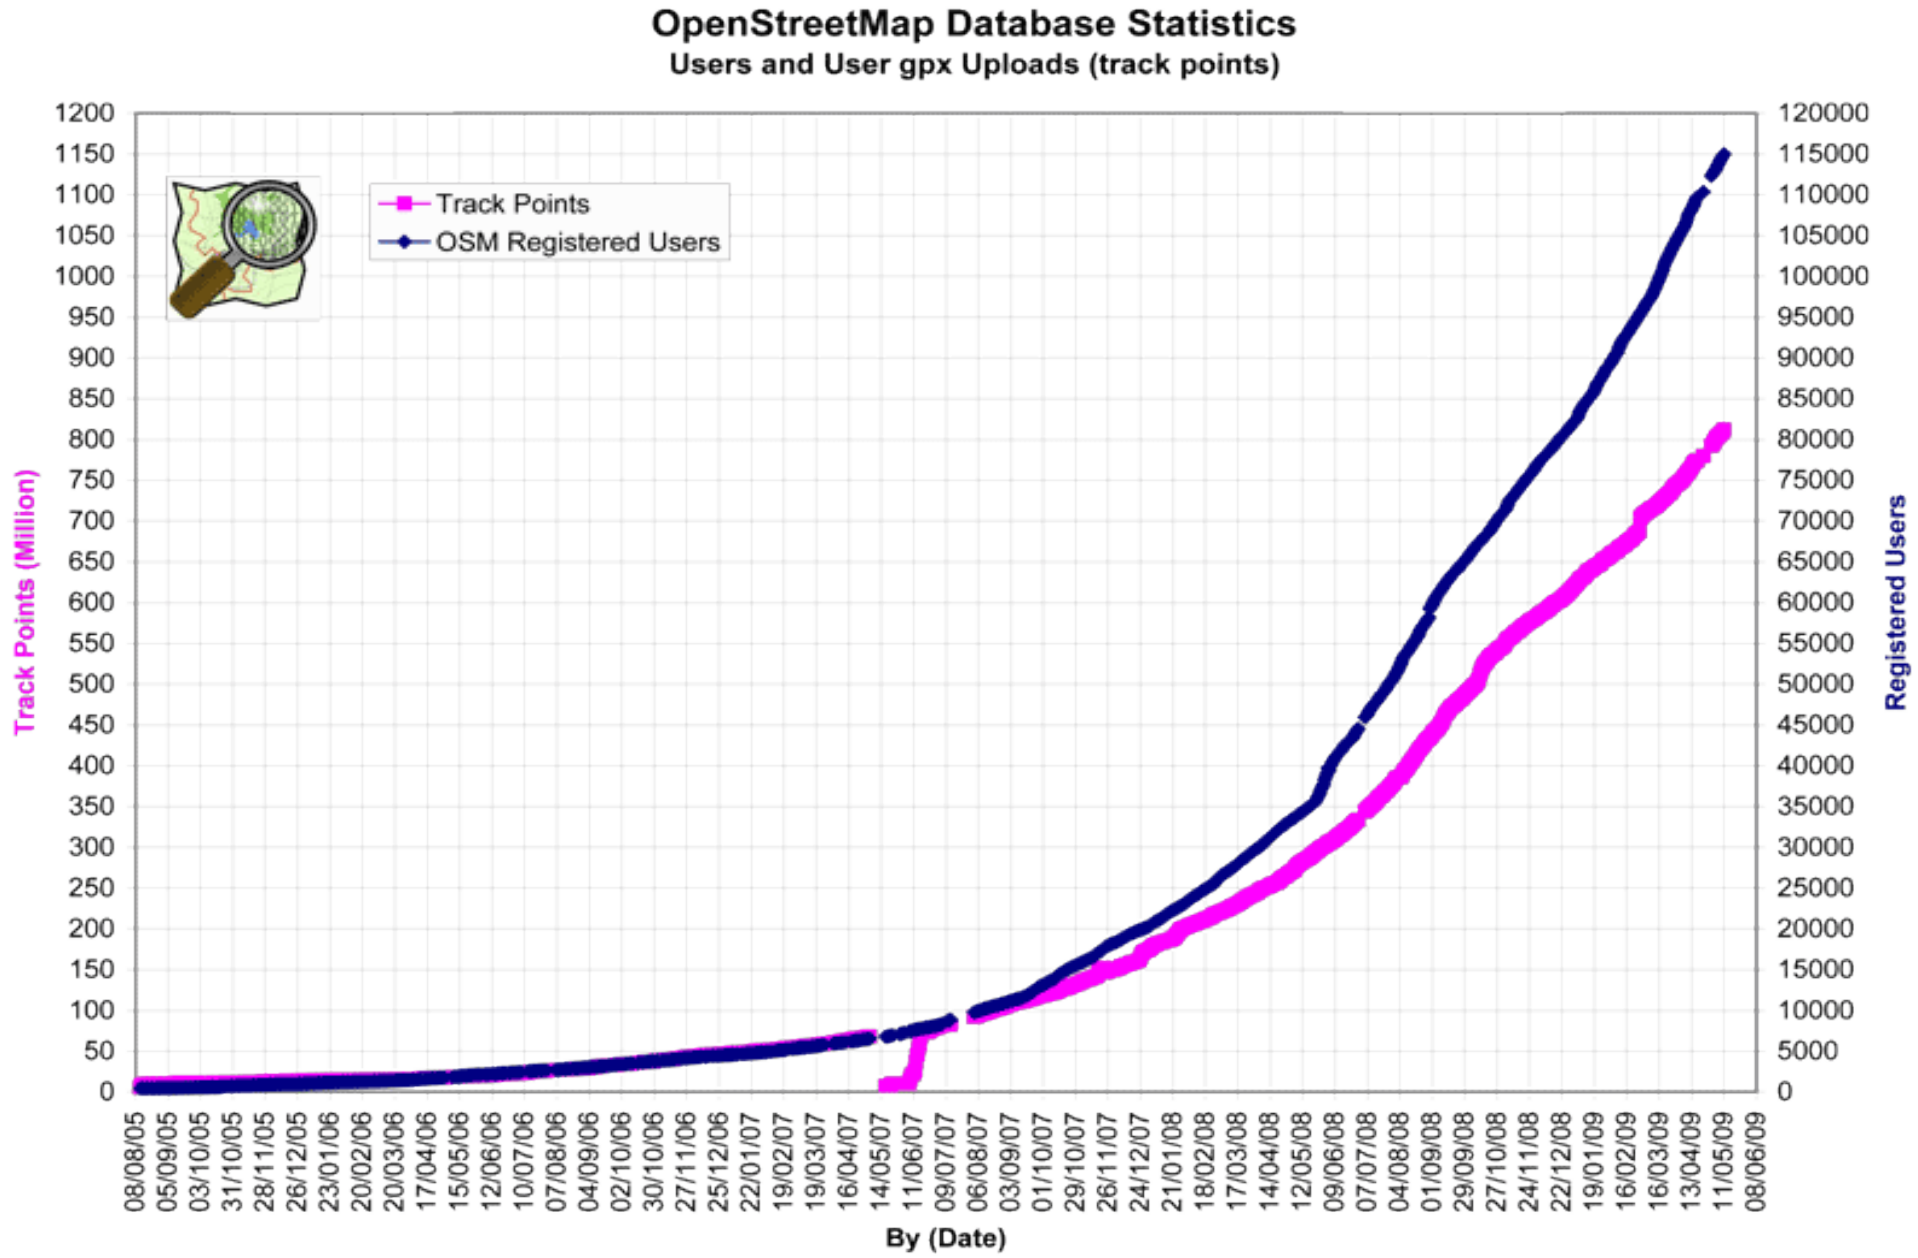
(US-90)
(I-10)

How is OpenStreetMap different?

“OpenStreetMap is a project aimed squarely at creating and providing free geographic data such as street maps to anyone who wants them”

Free
Open
Editable
Collaborative

Great value to humanitarian work,especially in places where base map data is often scarce and out of date



Number of users	121,070	10,000 regular editors per month
Number of uploaded GPS points	87,599,3078	
Number of nodes	364,446,746	
Number of ways	28,384,913
